**SUPPLEMENTAL RESPONSE**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

**INTRODUCTORY COMMENTS**

In reviewing the Amendment filed on 29 April 2003, it was discovered that the listing of newly added claims 93-106 was not presented in proper format.

By this Supplemental Response, therefore, newly added claims 93-106 are re-presented, without underlining and strikethrough editing (as a part of the attached complete listing of all of the claims). Except for the underlining and strikethrough editing of the new claims, the attached listing is identical to that in the Amendment filed on 29 April 2003.
